

Quality **Policy**

Inelectra provides high quality services, projects and facilities that meet the established requirements.

We guarantee the satisfaction of our customers, successfully combining both their expectations and those of other interested parties.

We understand the requirements and demands of the work assigned to us, executing it correctly from the first time in a safe and efficient way and always taking risks into account.

We promote the training of our staff to contribute to the continuous improvement of our work processes.

Jorge Rojas González
PRESIDENT
